Mr. L. Fuldauer,
Koninginneweg 189,
Amsterdam, Holland.

Dear Sir:-

In response to your letter of June 23rd, I regret to advise that our list of members does not give their street addresses, and is therefore not suited for the purpose for which you desire it. If you will send a copy of the catalogue for our Library, I will place it where it can be seen by any of our members. If you care to send two or three extra copies, I will make an effort to put them in the hands of certain of our members who are interested in the series covered by the catalogue.

Very truly yours,

President.
